The angry virgin spree loser
still does the insect and magnifying glass thing
thinks hes john wick
Loser. just wants to cause pain and suffering
amazon basics backpack with MRE and gameboy
email pals with newegg customer service
always posting about lunch. 1000s of posts a week, never quoted or acknowledged
poverty amazon red dot that fails before mallcop drops him with one shot
hates normies but still wants their approval
targets schools, malls, churches
garbage custom reddit AR that always jams. cleans it frequently anyway
"nonmaterialistic" but owns a trove of cheap chinese knockoff trash
The Antihero Chad
master planner
getting tired of waiting for Boogaloo, has better plans
dislikes idea of marxist corporate technocracy
creates diversion with remote controlled explosive van at insurance company, flies paramotor to pharma cartel office
utilitarian gun he never cleans but knows will still run forever
gracefully, efficiently double tapping pharmabros and letting some crawl away. executes them anyway for lulz
thinks its all bs, but wants to leave world a better place
politely surrenders to SWAT, cracks jokes with them. later released from prison after public outrage
calm, normal resting heartrate for whole mission
cs_office legend
radicalized by the ending of MGS2
